EDUCATION

Master of Computer Science (University of Victoria)

May 2022 – Present

Bachelor of Software Engineering (Azad University Of Central Tehran Branch)

September 2015 – January 2020

Pre-University (Physics-Mathematics)

September 2014- June 2015

Diploma (Physics-Mathematics)

September 2013- June 2014

WORK EXPERIENCE

■ **Front-end Developer at SON Company** (Full-Time)

July 2020 – Present

In my current position as a frontend developer, I have participated in so many projects such as designing and coding web pages for “PayaLED” and “Zavie” Company.

■ **Front-end Developer at SON Company** (Part-Time)

April 2017 – July 2020

I was a member of a team that built a custom web page for the company (SON) to highlight its services and achievements. You can visit the website at <https://son.ir/>

■ **Data Visualization Designer at SON Company** (Internship)

January 2016 – March 2017

I was a member of team that created an interactive data visualization for Pasargad Oil Company. The dashboard aims were to define and analyze performance indicators in the form of reports and managerial dashboards in various functional areas.
